

EASTERN FORESHORE SOUTH PRECINCT

Key Proposals

1. Estuary Pool

- Iconic, circular enclosed swimming area in location of the Robert Day Memorial Pool historic site
- Floating structure, 4m wide platform for walking around, sitting and viewing.
- Stepped and ramped access to water
- Seating under shade canopy

2. Beach Area

- Existing sandy beach area extended
- Ramp access to beach added adjacent to existing wall
- Boardwalk area with seating under shade canopy and shower

3. Decked Area

- Decked area in shade of existing trees with seating

4. Picnic Facilities

- Existing BBQ upgraded
- New picnic table settings including feature seating and long table in alignment of former 'Old Peninsula Footbridge' to interpret site history

5. 'The Net' Gathering Space

- Flexible paved space with adjacent grass area programmable for a range of events and activities
- Surrounded lights to be mounted on multi-function poles with power outlets.

6. Significant Trees Protection

- Existing Significant Norfolks and Fig Trees protected in generous mulch areas with low perimeter fencing

7. Welcome/Way-finding Totems

- Sculptural signage elements at key entry points to space providing welcome information, way-finding/directional information and mapping

8. Foreshore and Smart Street Connection

- Brick planter and 5 parking bays removed to facilitate visual and pedestrian connection between the foreshore and Smart Street
- Generous paved areas with paving design continuing across street (road defined by contrasting paving)
- Existing cross-walk re-located south with feature overhead lighting/ sculptural element

9. Bicycle parking

10. Public Artwork

- Existing artworks that celebrate local history and heritage renovated and relocated to suitable locations

11. Jetty Upgrades

- Existing jetty upgraded with additional floating fingers and berths
- Commercial opportunities for water-based recreation, water transport and tourist activities
