

Proserpine Entertainment Centre construction in progress

The Proserpine Entertainment Centre was extensively damaged during Cyclone Debbie and the rebuild of the new facility is co-funded by the Federal and Queensland Governments under Building Our Future - Community Development Grants Program and the Queensland Reconstruction Authority, with a current funding total of \$18.725 million for demolition and construction.

Latest News

Works are continuing on the screening façade of the new building, to install several types of surfaces, including a type of cladding which is low maintenance and only requires cleaning on occasion. The cladding product forms a rain screen to protect the building.

The interior fitout is almost finished with carpet laid in place, tiling completed and finishes underway throughout the building.

During the final stages of construction, architectural lighting will be installed on the new building, which will ensure the completed building is a significant presence in the main street of Proserpine.

Proserpine Entertainment Centre

Project Update

November 2021

Landscaping will begin soon, using native plant species which are colourful, low maintenance and drought tolerant, in line with our landscaping throughout the Proserpine Main Street and the wider Whitsunday region.

Signage will be installed during the last stages of construction, including wayfinding signage for patrons inside the building and throughout the gardens and entrances.

The construction project is expected to be completed in January 2022, weather permitting, with equipment testing and staff training planned for February.

It is expected the first shows will begin in March 2022, so stay tuned as we provide further updates!

What do you want to see at the Entertainment Centre?

Our restored Proserpine Entertainment Centre is almost ready and we are busy planning our Events Program for 2022.

What shows and events you would like to see at the Proserpine Entertainment Centre into the future? How would you like us to communicate with you about shows and activities?

Visit our online engagement space Your Say Whitsunday to complete the short survey, which will be open until 5pm, Sunday 19 December 2021.
