

## Agenda Stuarts Point Community Catch-up Thursday 13 May 2021

**Aim:** A respectful and effective discussion addressing both the flood event, community concerns and priorities for the future.

**Overview:** A structured workshop where participants will work in small table groups to consider localised issues and provide Council with their questions, concerns and expectations. This format will create an opportunity for everyone to have their say, Council to capture the feedback and accurately report back what was heard and provide answers, either at the Catch-up or as follow-up.
