REFERENCE IMAGES

Skate obstacles have been designed to create a unique rider experience with features that are multifunctional and can be used in a variety of ways.

Forming a destination point, the layout will emulate surf lines with endless creative flow options. Earthy brown colour tones have been selected to connect with the surrounding foreshore and embed the precinct into the Mill Terrace landscape.

- 1. Flow runs
- 2. Advanced bowl
- 3. Unique artwork - to be developed by local artist
- 4. Earthy colour palette
